Description:

G&N Bakery is owned and operated by Mr. Noel Macalalad. It was established in 1994 and since then have been producing quality but affordable breads. In 2012, the firm however, saw the need to upgrade the production facility to keep up with the demands of their goods. With this, G&N Bakery applied for technological assistance of DOST-MIMAROPA through the Small Enterprise technology Upgrading Program (SETUP). In order to have new products to offer, the firm asked for a training on veggie-bread production and was offered by FNRI in 2015. Unfortunately, the firm was not able to produce veggie-bread due to high cost of raw materials. The firm still has plans to offer veggie-bread in the future.
